

Product Certificate

Jørgen Kruise A/S hereby declare the following details regarding the mentioned product

Item number

161640

Product name

BUSTER sterile aural othaematoma pad.

Product type

Sterile pad for blood blister surgical operation.

Aural hematomas are a common clinical case. A pocket of blood develops a separation between the inside skin of the ear and the ear cartilage.

Surgical treatment is directed towards restoring that skin to cartilage bond.

BUSTER sterile aural othaematoma compress provides a compression pad that gives good ventilation and great cosmetic results. The pad consists of an inner, open, soft foam layer and one tougher outer surface where sutures are placed.

Material

Layer	Material	Thickness app. [mm]
1	Polyurethane foam	1,2
2	Polyurethane foam	9
3	Polyester textile	1

Colour

Outer layer: white, Inner layer: yellow.

Storage condition

Dry place.

Shelf-life

5 years

Size

12 x 8 cm, 10/pk.
